AUGUST 2009 STATE REVENUE COLLECTIONS

TENNESSEE GENERAL ASSEMBLY FISCAL REVIEW COMMITTEE STAFF

SEPTEMBER 11, 2009

The Fiscal Review Committee (FRC) staff has prepared the attached estimate of August revenue collections necessary to meet the budgeted estimate for fiscal year 2009-10, which began July 1, 2009. Collections are recorded on an accrual basis with August as the first month for which collections are measured in FY09-10. Estimates for the remaining months will be released in the near future.

The estimates are a projection of collection patterns required for each tax, total revenue collections, and general fund collections to meet the amount required to fund the budget adopted by the General Assembly for FY09-10. Monthly estimates will be revised as the budget is revised based upon recommendations of the State Funding Board in December 2009 and in the spring of 2010.

For August 2009, total collections were \$726,922,000, an under-collection of \$4,138,400 relative to the FRC budgeted estimate for the month. Sales taxes were under-collected by \$2,031,000. Franchise and excise taxes were over-collected by \$1,699,000, and all other taxes were under-collected by \$3,806,400.

Relative to actual collections in August 2008, total collections decreased by 5.74 percent, compared to the FRC budgeted estimate of a 5.20 percent decrease. General fund collections decreased by 8.61 percent, compared to the FRC budgeted estimate of a 5.68 percent decrease.

Sales tax collections decreased by 8.21 percent, compared to the FRC budgeted estimate of a 7.85 percent decrease. Franchise and excise tax collections increased by 34.34 percent, compared to the FRC budgeted estimate of a 23.40 percent increase. All other tax collections decreased by 1.72 percent, compared to the FRC budgeted estimate of a 0.27 percent increase.

The budget for FY09-10 adopted by the General Assembly assumed positive total revenue growth of 0.91 percent and negative general fund growth of 0.06 percent, based on actual collections to date (not including remaining accruals, the impact of which has not yet been determined by the Department of Finance and Administration).

August 2008 collections pre-dated the sharp downturn in collections that began later in FY08-09.
